Profile

Full Stack Developer with hands-on experience building scalable, API-driven web applications using Django REST Framework and React. Skilled in developing responsive user interfaces and robust backend services, with a strong focus on performance, security, and clean architecture.

Academic Qualifications

• Bachelor of Technology in Computer Science

2021 - 2025

Saintgits College of Engineering, Kottayam

Skills

- Programming languages: Python, JavaScript, C
 - Databases: MySQL, SQL Server
 - Web Technologies: HTML, CSS
 - Libraries: React
 - Frameworks: Bootstrap, Django REST
 - Data Analysis: Power BI
 - Version Control: Git
 - Soft skills: Problem Solving, Analytical Thinking, Attention to Detail, Risk Assessment, Decision Making Under Pressure
-

Projects

• Rent A Cam (2026)

Developed a camera rental platform using Django that allows users to register, log in, and book cameras for specific dates with non-overlapping reservations. Integrated Razorpay for secure payments and implemented efficient booking management.

• Vitr Mind (2026)

Built a scalable educational platform using Next.js, Express.js, and TypeScript with secure JWT authentication. Integrated AI-driven learning using RAG for context-aware responses, implemented Prisma ORM and developed a gamification system to improve user engagement.

• TweetPulse (2025)

Designed a real-time sentiment analysis system for X (Twitter) focused on hashtag-based monitoring using ML models and visualized the results in Power BI. Features include sentiment shift alerts, trend detection, and an interactive dashboard for actionable insights.

Professional Experience

• Full Stack Web Development using Python-Django

Location: Luminar Technolab, Ernakulam (July 2025 - March 2026)

Developed secure and scalable full-stack web applications using Django REST Framework for RESTful APIs and React for dynamic user interfaces. Built responsive front-end designs with HTML5, CSS3, and Bootstrap, and managed MySQL databases with efficient schema design and CRUD operations.

Certificates and Internships

• Python - Web Development Expert

National Council for Technology and Training (NACTET)

Earned the Python Web Development Expert certification with an A+ grade, validating proficiency in Python programming and web application development.

- **Digital Skills Internship**

ICT Academy of Kerala

Training in essential digital skills with practical exposure to modern tools and technologies.

- **Introduction to Generative AI Learning Path**

Google Cloud

Completed specialization covering generative AI, LLMs, and responsible AI practices.

- **Technogenesis Hackathon**

SCMS College of Engineering

Participated in a competitive hackathon organized by IEDC SSET.
